I think our Woman's Christian Temperance Union is a unit on the subject, and we have been circulating literature ever since our last convention. But at a recent meeting we decided to organize a separate equal suffrage society, because there are a great many of our people who are in favor of woman suffrage who are not prohibitionists."

PERSONAL POINTS.

Miss Jennie Williamson, a very charming and popular young lady of South Carolina, is in the city, and will leave this evening for Senatobia, where she has relatives.

Miss Kate Sykes, a charming and cultured young lady of Winona, Minn., is a guest at the home of Mrs. Margaret Wilshire on Marshall avenue. While here Miss Sykes will take lessons in the Delarte system of elocution, as admirably taught by her accomplished hostess.

A PRISON SUITS HIM.

Charles Stewart again committed to the Workhouse.

"Squire Garvin yesterday committed Charles Stewart (colored) to the workhouse for whipping his wife and child. Stewart is known to the law officers as a tough character. He has spent a great deal of his time in prison. When the workhouse was completed, several years ago, he was the first to be placed in it. About four years ago he shot another negro and served a term in the penitentiary. After his discharge he returned to Memphis, but had been here only a few days when he again found himself behind the bars.

## THE SPORTING WORLD.

## TRAINERS AT MONTGOMERY PARK WORKING IN THE SHADE.

No More Fast Work Probable Until the Regular Spring Meeting—Johnnie Campbell Again Upsets the Pool Box in New Orleans.

The approach of the matinee has put trainers on their guard and they are not speeding their horses to any remarkable extent. Most of them know pretty well what their horses are capable of doing and will take particular pains to keep the newspaper eye off of them until the matinee is over, at any rate. Yesterday all the stables had horses out but no fast work was attempted except in two instances. There were too many watches about. Le Premier worked a mile in 1:47 1/2 and Newcomb's Heatsop three-quarters of a mile in 1:11 1/2. Neither of these horses are likely to start in the matinee, hence no effort was made to keep their work concealed.

The New Orleans races yesterday demonstrated that few men on the turf are slick enough to keep up with Johnnie Campbell. The only wonder is that so sharp a fellow should not own the earth. Mr. Campbell owns a horse called Incognito, who won a Derby once and is highly bred. He has been in numerous races this season and proved a rank counterfeiter at any weight over 100 pounds. He ran third to Quotation and Bob Forsythe in the slow time of 1:45 1/2 for a mile with only 100 pounds up, but yesterday he got a race to suit him and fairly ran away from the field as if they were standing still. He was in at ninety pounds; distance, one and one-sixteenth miles. Cheney carried 108; Hopwood, 106; Pat Steady, 106; Moonlight, 106; Carus, 100. The betting against him started at 5 to 1 and closed at 3 to 1. Cheney was the favorite at 5 to 1. Incognito jumped out in the lead, was never headed, and won hands down in 1:30 1/2; and yet this is the horse of which that expert critic Broad Church writes: "It's 1:30 to 1; he has no chance in the Kentucky handicaps."

Cora L. with 194 pounds up, made a mile in 1:42 1/2 yesterday, beating Tudor, the favorite, and Quotation. The time, for this time of year, is phenomenal. Cora L. will probably start here. Look out for her.

## Races in England.

LONDON, April 10.—This was the second day of the Newmarket-Craven meeting. The principal contest was the race for the Babraham Plate (handicap) of 900 sovereigns, distance one mile. The race was won by Count Lebedorff's Horatio. King Monmouth second, and Father Confessor third.

Turf Tips.

WHENEVER one imagines that he knows all about horses, and has no more to learn, is in time for him to go to the London races. This fine race mare, Gold Dan, has been bred this season to the famous stallion, Spendthrift, sire of Kingston, Bankrupt and others of note.

Lantern and King Hile, belonging to Great Britain, are both suffering from cold contracted while en route from Augusta, Ga., to Washington.

OSCAR AGASSI, Milton Young's promising Derby candidate, is improving daily, and it is not thought he has in him the making of a grand three year old.

It is reported that Col. Clark will conduct the pooling privileges himself at the Louisiana spring meeting this year, allowing anyone who desires to go on and make books to have the privilege at so much per day.

MAZ. B. G. BACK, who has been very fortunate in selecting Derby winners, picks Proctor Knott as his selection this year, and if the son of Luke Blackburn does not go to the post he prefers the chances of Oscar Agassi and Heron.

A LETTER from Nashville brings information that the chestnut colt Timothy, by Forester, dam imported British Beauty, is probably the best two-year-old in training at the West. The track was owned by Charles Reed, proprietor of Fairview stud.

Do you know Galliford? Well, if you don't you ought to cultivate him. He is a colored boy who works at the Turf Exchange, and he watches the races with a keen eye. He picks the following winners for tomorrow: Western, Stuart, Showly, Cartaway.

The Turf, Field and Farm says: "The trotting horse trainer believes in thorough rubbing. He gives great attention to the legs, and keeps them in good condition. He trusts a little too much to look or Providence. The average trotter lasts longer than the average runner, because he is given more time to mature. He is not loaded down with weight, does not travel at such a high rate of speed, has stronger bones of support, and is better cared for, especially in the legs and feet."

to accompany him to the Wenger Hotel to converse about some stolen bonds. When the two had left the house and were in the yard Lockwood stopped to pick some roses for his visitor. The latter stepped behind Lockwood and threw the ball striking him behind the ear. The wounded man made a motion as though to draw a revolver and his assailant ran down the street. Lockwood's wound is not serious, it being but a mere scalp wound. It has since been learned that Mr. Brower knows nothing of the young stranger or the letter which he presented. The would be assassin has not been apprehended.

## CLIMAX REACHED HERE.

The Eloping Couples From Alabama Irregularly Married in This City.

A. P. Turner, who came to this city Tuesday, with a friend named W. H. Wilcox, in search of his runaway young daughter and niece, Nanette and Arrie Turner, is still here.

So are the daughters and the rascals with whom they eloped from Steel's Station, Ala., Saturday last.

Yesterday the old gentleman learned for the first time that his girls were regular, disengaged, having gone through a regular and irregular course of marriage with the men with whom they left home. He learned this crushing fact through persistent investigation, the prosecution of which carried him to the County Court clerk's office. In looking over the record of marriage licenses issued last Saturday he saw two, to W. H. Wooten and Fannie Smith, H. G. Wilkins and Ella Turner. He was impressed by the latter name and sought the clerkman by whom the licenses were returned. This was the Rev. Eugene Daniel. The minister described the parties for whom he had pronounced the marriage ceremony, and it tallied to Mr. Turner's entire satisfaction. A further description was given, which enabled the old gentleman to say positively that Annie married Wilcox, Alana Wooten, and Arrie blighted her future by a bogus alliance with Damron, alias Wilkins. Damron, it will be remembered, leaves a wife and two children in Alabama, but with this fact the woman, who is seventeen years of age, was fully acquainted. An APPEAL reporter called upon Dr. Daniel for a verification of Mr. Turner's story, and received it throughout. He stated that the couple came to him about 3:30 o'clock Saturday afternoon, and asked to be made man and wife. He questioned them very closely, among other things asking particularly if there existed any legal obstacle in the way of the ceremony. They reassured him on this score, but admitted they had been traveling together. In referring to this admission, Dr. Daniel said he always married those who came to him and had been traveling together for the sake of both parties, but more especially on account of the lady's family.

All railway depots in the city are being closely watched by the police, who have descriptions of the parties, and if they leave the city it will be by the cross-country road.

## People Wonder

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alteratives and tonics. To thousands yearly it proves a veritable elixir of life.

Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see me."

## Improvement

In my condition, my appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to the directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life, and I cannot thank you too much."

"We, the undersigned, citizens of Brockway Centre, Mich., hereby certify that the above statement, made by Mrs. Lake, is true in every particular and entitled to full credence."—O. P. Chamberlain, G. W. Waring, C. A. Wells, Druggists.

"My brother-in-law, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his feet. I sent him Ayer's Sarsaparilla, and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Atwell, Sharbot Lake, Ontario.

—THE—

Memphis City Bank

MEMPHIS, Tenn., April 9, 1889.

To the Officers and Directors of the Memphis City Bank:

GENTLEMEN:—I hereby tender you my resignation as president of your bank. This will be non-repudiable to you, as you have been aware of the fact that I have been contemplating this step for some time on account of the requirements of my own business, and also from the fact that I have lately accepted the presidency of the Memphis Grain & Package Elevator Co., making additional work for me. The duties that I have to perform in a business way are so many that I see the necessity of curtailing those of this bank, and it recovers itself into the question of whether I shall remain in the bank or give up a part of the business which I have spent most of my life in building up, and after due consideration I have come to the conclusion that it is for the best interest of the bank and myself that I tender to you my resignation.

I am fully aware of the great responsibility of the position of president of your bank, and of the time and attention required to properly fill it, and this I cannot give, and I therefore ask you to accept my resignation of this position. I cannot leave the bank, however, without expressing my gratitude to each and every director for the kind consideration that they have given me, and the very hard work that they have done for me. I can only say that they have given me the best of their time, and I have learned much from them. I can only say that they have given me the best of their time, and I have learned much from them.

Thinking you for the honor that you have twice shown me in electing me your president, and regretting that circumstances are such that require me to make this move, and wishing each and all of you success and happiness, I am, yours respectfully,

JOHN K. SPEER, President.

MEMPHIS CITY BANK.

Resolutions adopted by the Board of Directors:

Whereas, Mr. John K. Speer has resigned the presidency of this bank on account of his business duties, and in order to devote what spare time he may have from business matters to his private interests; be it

Resolved, That this board accept with great pleasure Mr. Speer's resignation as president, and taking this opportunity most cordially to commend his business capacity and integrity as a bank official.

Resolved, That it is the true sense and feeling of this board that they would not accept his resignation except it be on account of his urgent request and desire.

Resolved, That Mr. Speer, in the discharge of his official duties since his connection with this bank, won the esteem and commendation of the directors, its stockholders and all the employees of the bank.

Resolved, That this preamble and resolutions be spread upon the minutes of this bank, and a copy be sent Mr. Speer, signed by the officials under the seal of the bank.

Witness my hand and the seal of the bank, this 9th day of April, 1889.

JOHN K. SPEER, President.
